Plaintiff has until March 8, 2013 to conduct depositions of defendant and his physician in New York. Each deposition will be three hours with one fifteen-minute break. If a deposition is obstructed by an undue number of objections, this court will consider allowing additional depositions at defendant's expense. The scope of the depositions and supplemental briefings is limited to defendant's medical condition that may limit his ability to travel. If properly limited to that topic, the depositions will not count toward the seven-hour limit as set by the Federal Rules of Civil Procedure. However, if plaintiff so chooses, it may use its normally allotted seven hours to cover defendant's medical condition and any other matter relevant to the merits of this action.

1 Both sides will file supplemental briefs regarding defendant's medical condition by  
2 March 19, 2013. The new date for the hearing on defendant's motion will be held on March 28,  
3 2013.
